OPTIMAX

Optimum Performance & Maximum Flexibility

The OPTIMAX Wash System is designed to provide **Optimum Performance and Maximum Flexibility for Self Service Operators**. OPTIMAX is an Industrial Grade Wash System with more service offerings in a smaller foot print than competing systems. OPTIMAX allows operators the flexibility to customize their services and change services as they desire with the OPTIMAX Solution Control Center. The OPTIMAX comes standard with three high pressure functions, medium pressure option; plus Three Low Pressure Functions (Five Low Pressure Function Option Available) and Spot Free Delivery. OPTIMAX can even provide all motor controls for the in-bay dryers from the on-board Motor Control Center. **With OPTIMAX you get it all!**

**MULTIPLE SIZE INJECTORS FOR
VARIOUS FLOW RATES AND SERVICES**
