

PERFORMA™
CAR WASH SYSTEM

The PERFORMA™ is our best selling complete self-serve car wash system. It is feature rich and covers the full range of self service car washing. The PERFORMA™ is customizable to your specific requirements for one to ten bays which means the equipment can expand to accommodate your business as it grows. Made from industrial grade, stainless steel components and a UL listed Motor Control Center, the PERFORMA™ has quick disconnect motor receptacles and easy access for servicing. **Designed and built by Carolina Pride, the PERFORMA™ is the finest self-serve equipment in the industry. We know that the backbone of a successful car wash is flexible, reliable and profitable equipment.**
